

[Guide to Ancient Greek Coins of Thessaly Central Greece](#)

<http://bit.ly/thessalycoins>

Ancient Thessaly had many towns. Some issued just bronze coins, others issued gold silver and bronze types. This article was made to teach you more about the coins with a video presentation, and by giving you the towns that the region had. The most comprehensive book on the subject is Handbook of Ancient Greek Coins Volume 4 by Oliver D. Hoover. The other book to get is the [Volume I](#) and [Volume II](#) of Ancient Greek Coins and Their Values by David R. Sear.

The most prominent town of ancient Thessaly was Larissa, which minted some of the most prolific coin types of that area. Many of the city's coins featured a nymph and a horse. Many of the coins of ancient Thessaly featured horses. Thessaly issued coins into the Roman times, and the types are known as Greek Imperial/ Roman Provincial. Coins discussed in this video include those of Augustus, Claudius and Gallienus.
