This is my collection of my entire works that I have done up to this point in regards to presenting ancient Greek, Roman and Byzantine coins on video and explaining the historical context they have come from. This is an amazing way to feel the amazing history almost in your hands that may spark your interest in the various topics covered. It would be a great idea to [save this article in PDF format](#) with the link at the bottom of this post.

These videos are arranged in a YouTube playlist and when you go there you will be able to choose which videos would interest you, or you can let the whole entire series play one after another after another. This is a great almost "hands-on" way to learn the various topics covered in ancient coin collecting. [Click here to start watching the collection](#).
